## EXFOILANT AND MOISTURIZER PRODUCTS

### Pamela Hill Skin Care

Pamela Hill Skin Care's Daily Moisturizer with Green Tea uses the power of Green Tea to help treat existing signs of aging and prevent future damage to skin. The Green Tea found in the moisturizer can help stimulate the production of new skin cells, thereby lessening the look of fine lines. The polyphenols found in Green Tea may also help protect skin against free radicals and sun-induced UV damage, making it the perfect element for a daily moisturizer. ### M'lis

M'lis BUFF body exfoliator is unlike sea salt, which has the ability to cut the skin. The crystals in BUFF are round and exfoliate without damaging the pores. This gentle exfoliant softens the skin and delays the appearance of fine lines and wrinkles. BUFF may be applied to dry skin before showering or in the shower for less intensity. M'lis BUFF is not intended for facial use. For more information, please call 800-548-0569, visit [www.mlis.com](http://www.mlis.com), or circle reader reply number 269.
